

# doodles

Jenny and all the Connect staff go above and beyond to support my daughter and our whole family

Doodles for us as a family is an amazing source of support as it is providing a rest for us parents and an opportunity for our son to interact with other children his age

Doodles is not just a place where our son is safe, it is the place where he thrives. He loves his weekly sessions and is always looking forward to them

My daughter is always greeted by a smiley face. Staff always find time to chat to parents. Always fun activities and toys set out for the kids to enjoy
